

VCFD Command 11

Command 11 is a 40 ft. long mobile command post with multiple work stations, computers, radio systems and other technologies needed for command, communications and coordination at an incident. It can be utilized at Extended Attack Incidents, Planned Events, or any time an Incident Commander requests it. It is currently assigned to Station 51.

Staffing: Available personnel will take the unit to the scene of the incident and command personnel at the incident will operate out of it.

Radio designation: Command 11
