## **Fire Station 52, Mission Oaks**

Fire Station 52 was built in 1982 in the Mission Oaks section of the City of Camarillo. The station site, on Santa Rosa Road, was donated by the City.

This was not the first station to be numbered 52. When Battalion 5 was formed in the late 1950's, the Saticoy station was numbered Station 52. It would later be numbered Station 15 with a realignment of battalions.

In 1982 the new Mission Oaks Fire Station was given the number 52.

Station 52's first call was for the on-duty firefighter who cut himself while preparing dinner for the crew.
